REGARDING his senatorial candidacy Mr. Chipley neither denies the allegation nor denies the "alligator."

THE Times-Union is devoting very little space to accounts of Senator Call's meetings. Has the Times-Union gone out of state politics, or has it abandoned Mr. Call?

THE political pot is already beginning to simmer in old Bradford. Our politicians are grooming their favorites for the campaign of next year, and the indications point to a lively time. Turn the ragers on to the track!

THE Marion Free Press insists that Mr. Dougherty should be invited to meet Mr. Call in Ocala. If Mr. Dougherty still has the colossal appetite that the Tennessee papers told us about a few weeks ago and Mr. Call does not carry with him, as he did to Pensacola, the wherewithal to gratify his penchant for liquid refreshments, the restaurants and bibulous resorts should prepare for a gala day.

GOVERNOR CULBERSON, of Texas, called a special session of the legislature to secure the passage of a law that would prevent the Corbett and Fitzsimmons bout from taking place in that state. For this extravagant act he is getting a whole lot of praise from Florida papers. From the same source Governor Mitchell, if he had pursued the same course with reference to the Corbett-Mitchell contest, would have got the devil. The rapidity with which conditions change is very remarkable.

VERIFIED PREDICTIONS.

It will be remembered that during the last session of the legislature a bill was introduced having for its object the relief of the people of the orange belt, who were seriously crippled financially by the freezes of last winter. Bradford's talented orator, Colonel James T. Wills, opposed the passage of the bill in an eloquent speech, paying a high tribute to the thrift and industry of those citizens who had been injured and avowing their ability and determination to strew the path of the disaster with garlands of prosperity without the aid of the state. Mr. Wills' eloquence and fervor so impressed the members of the house of representatives that the passage of the bill was rendered impossible, and thus a very considerable number of the best and most industrious citizens of our state were spared the humiliation of being viewed in the light of pensioners.

It is doubtless pleasant to Mr. Wills, as it is to everyone else, to note that his predictions for the future of the people of the orange belt are so soon being verified—that these people have so amply sustained the proud position taken for them, and, unpaid, are bravely working out their own salvation. That such is the case is shown by the prosperity of our own county and further attested by the following paragraph clipped from the Orlando Reporter, a paper published in a section where the people depended almost entirely upon orange culture for a livelihood:

"But few countries could brook, as Florida has done, such a disaster as befell her last February. When some sympathetic representative of a more fortunate section of the state, introduced a bill in the last legislature for the relief of the orange belt counties, which had been so cruelly touched by the freeze, representatives from the counties, full of appreciation and contending kindness, absolutely melted, and not to become public men?" and added that they were his arm. "Not to the world were rich, you love state could be married; but the orange all in those wretched events would not be my husband, I wish I could swallow born of pride, but I cannot. I orange on your money in your

belt teems with the heaviest provision crop ever known here, and which would do credit to sections where nothing but such crops are grown. Consequently our people are practically independent so far as the necessities of life are concerned."

MR. DOUGHERTY AND THE SENATE.

The Bradford County Telegraph does not believe Charlie Dougherty ever thought seriously of succeeding Mr. Call. It matters little what the statesman from Volusia thinks of the matter. The people have no idea of sending him to the Senate.

The above comes from the West Palm Beach Gazetteer, the editor of which paper is talking through his hat. He lives too far from civilization to keep up with the times, and what he says should be overlooked.—New Smyrna Breeze.

The Breeze's assertion that Dade county is too far removed from civilization for the editor of its leading paper to "keep up with the times" will not deter that section of our state from growing and prospering as it has done in a phenomenal degree since the advent of railroads into its fertile confines.

So far as the senatorial succession is concerned, if the Breeze has deluded itself into believing that the people of Florida have ever thought seriously of adorning with the "Tall Sycamore of the Halifax" one of the desks accorded them in the National Senate, the editor of the Gazetteer has proven himself a much more discerning observer of the trend of public sentiment by asserting that no such idea ever entered the heads of Floridians.

If Mr. Dougherty has thought seriously of succeeding Mr. Call: it is the more unfortunate for him, because it can never be. To use a trite expression, he is "pursuing a forlorn hope."

The people of Florida have made up their minds to unburden themselves of a man who does not measure up to the standard of excellence that they have set up for a United States Senator, and Mr. Dougherty and his coterie of friends and admirers may be assured that they are not going to make the mistake of jumping from the frying pan into the fire.

Children, especially infants, are soon run down with Cholera Infantum or "Summer complaint." Don't wait to determine, but give it DeWitt's Colic and Cholera Cure promptly, you can rely on it. Use no other. Starke Drug Co.

WITH FLORIDA EDITORS.

Beginning Early.

From the Citrus County Chronicle.] Politics in Citrus county are getting warm, and the prospects are that a full crop of candidates will be out in a short time.

A Fishy Story.

From the Quincy Herald.]

The latest reliable news from Cuba relates the fact that eight men held a page. Some members of the legislature must have loaned it to them, but the small number of constituents who were using it gives the whole story a very fishy flavor.

A Mooted Question.

From the Tampa Times.]

The state papers are again discussing the convict lease system, and it is hoped that a satisfactory solution of the troublesome problem may be reached. This question has given more or less trouble to every state in the union, and the grounds of complaint and remedies suggested have all been pretty much along the same line. As the Gainesville Democrat sagely remarks, "it's hard to bring any good results out of an evil thing."

Sheets Opposed to Co-Education.

From the Green Cove Spring.]

Hon. W. N. Sheets, state superintendent of public instruction, has a long article in the Tallahasseean of yesterday in reply to the attacks made on him in the matter of the law passed by the last legislature prohibiting co-education of the races. Mr. Sheets is dignified in his reply, but he hits hard. It is a matter that may have to be tested in the United States courts, but sheets has done his part nobly in his efforts to get passed and upholding the law.

The Meanest Man.

From the Jacksonville Metropolis.]

The meanest man in the world is said to be in Pennsylvania. He sold his son-in-law one-half interest in a cow, and then refused to divide the milk, maintaining that he had sold only the front half. The buyer was also required to provide the feed consumed, and was compelled to carry water to her three times a day. Recently the cow hooked the old man and he is suing his son-in-law for damages. The son-in-law avows that if the old man wins the case he will immediately kill his half of the cow.

Possibility of a Dark Horse.

From the DeLand Record.]

Governor Mitchell, Senator Call, Hon. Charles Dougherty, W. D. Chipley, George P. Raney, Fred Myers, Ed Hammond, James P. Talbot, D. S. Mays, S. R. Malloy and S. M. Sparkman are senatorial timber ready to be rounded up to adorn the senate chamber of the United States. Of the above, just all are anti-Calities, except the senator himself. While the fight is going on among these gentlemen it may be possible for a black horse to enter, and richer men than Flagler, Plant or Duval are already members of the United States senate.

A Great Country.

From the Gainesville Democrat.]

Isn't it about time the southern press stopped using that stereotyped heading "What the South Wants?" The south knows exactly what she wants, and is going to get what she wants. In fact, she is getting it right along. Her people were down in the depths thirty years ago, but they have risen master of circumstances, and have been and are now building up an empire of material prosperity that is destined to astonish the world. Keeping pace with her increase of wealth, her educational institutions are growing in importance, number and influence, and there are few things in this world which the south can't have if she wants them.

Encourage The Editor.

From the St. Augustine News.]

The editor can always write more cheerfully of the business interests of a town when his columns are liberally filled with the advertisements of the business houses. No editor can advocate the doctrine of buying from home merchants unless the home merchants show they are interested in catering to the home trade by advertising in the columns of the local paper.

It is depressing to the editor to find business men patronizing every advertising fake that comes along, and at the same time the names of those business men are rarely, if ever, seen in the advertising columns of the local newspaper.

Mixing Politics And Religion.

From the Daytona Gazette-News.]

There seems to be much surprise in the state that the Baptist Witness, a religious paper, should have something to say on the political question. Many of the papers are horrified that such a good paper should get into the muddy waters of politics. If the politics of the state are so bad as to contaminate a religious paper or man, it is high time that the Christian men of Florida took a hand, and, living up to their professions, clean out the corrupt and vicious elements and put in good men. We see no impropriety in the Witness stating its views and telling the truth. A man ought not carry politics into religion, but there is no reason why a man should not carry his religion into his politics.

"While down in the southwestern part of the state some time ago," says Mr. W. Chalmers, editor of the Chico (Cal.) Enterprise, "I had an attack of dysentery. Having heard of Chamberlain's Colic, Cholera and Diarrhoea Remedy I bought a bottle. A couple of doses of it completely cured me. Now I am a champion of the remedy for all stomach and bowel complaints." For sale by Starke Drug Co.

Twenty Years Proof.

Tutt's Liver Pills keep the bowels in natural motion and cleanse the system of all impurities. An absolute cure for sick headache, dyspepsia, sour stomach, constipation and kindred diseases.

"Can't do without them"

R. P. Smith, Chilesburg, Va., writes I don't know how I could do without them. I have had Liver disease for over twenty years. Am now entirely cured. Tutt's Liver Pills

Why?

Five years ago few persons in America had heard of Ramon's Tonic Liver Pills and Ramon's Tonic Pellets. To-day they are used in thousands of households. What has worked this change?

Four different things.
1. This is not simply a liver pill but an entire treatment. It is a complete substitute for a physician in liver troubles.

2. It costs only 25c., when the same medicines if purchased separately would cost 50 to 75c.

3. The remedy works gently and not violently. It does not arouse a feeling of weakness but makes you feel steadily better from the first day.

4. It is absolutely harmless. Sick or well, it can not be a bad thing to take, as it purifies the blood and tones up the whole system.

Why not try it for those occasional headaches? It will stop them. At all dealers, or mail, for 25c., 5 boxes \$1.00. BROWN MFG. CO., New York.

HAVE YOU WORN GLASSES?

If you have not then think about it. Perhaps your eyes ache at times; probably after much use your vision becomes blurred and indistinct. You may not be troubled in either of these ways, and yet you have headache after reading. It is said to say that glasses are required. Thousands of persons with weak eyes have been wonderfully relieved by the use of Hawke's Crystallized Lenses. A large proportion of these were so much benefited that, in a short while, they were able to dispense with glasses entirely. All eyes fitted and fit guaranteed by Starke Drug Co.

There is one medicine which every family should be provided with. We refer to Chamberlain's Pain Balm. When it is kept at hand the severe pain of a burn or scald may be promptly relieved and the sore healed in much less time than when a medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third the time otherwise required. Cuts and bruises should receive immediate attention, before the parts become swollen, and when Chamberlain's Pain Balm is applied it will heal them without matter being formed, and without leaving a scar. A sore throat may be cured in one night. A piece of flannel dampened with this liniment and bound over the seat of pain, will cure lame back or pain in the side or chest in twenty-four hours. It is the most valuable, however, for rheumatism. Persons afflicted with this disease will be delighted with the prompt relief from pain which it affords, and it can be depended upon to effect a complete cure. For sale by Starke Drug Co.

For la grippe use Dr. Powell's Fever Cure. It "never fails" to cure it.

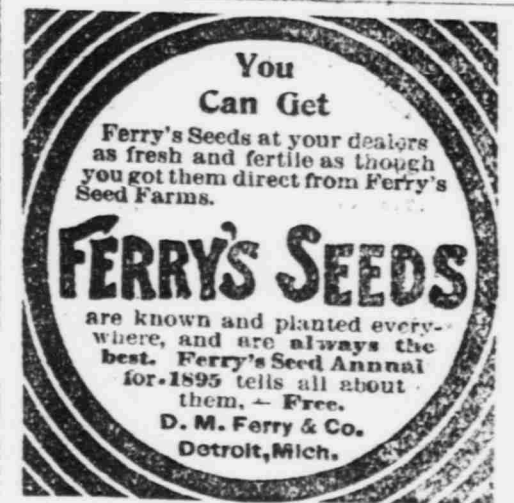

"For Charity Suffereth Long."

Mrs. Laura C. Phoenix, Milwaukee, Wis. "Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, The times had the 'La Grippe,' and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month I became so debilitated and nervous from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try Dr. Miles' Restorative Nervine. I took 2 bottles and am happy to say, I am in better health than ever. I still continue its occasional use, as a nerve food, as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me. June 6, 1894. MRS. LAURA C. PHOENIX.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.40 bottles for \$5.00. It will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
